Go online to jointwastesolutions.org to subscribe to the garden waste collection service and visit surreyep.org.uk to buy a reduced price compost bin.

FUTURE CHANGES TO YOUR RECYCLING

Simpler Recycling plans are in the pipeline for Woking. From 31 March 2026, you'll be able to add food and drink cartons (Tetra Paks) and empty aerosols to your dry mixed recycling bin. *This is not yet in place. We will provide further communications as the date approaches, to help you prepare.*

Meanwhile, please do not place these items in your recycling bin.

You can recycle cartons at your local community recycling centre (CRC). Alternatively, switch to refillable products instead of aerosols and swap products sold in cartons for those in recyclable packaging such as plastic, glass and metal – all of which can be recycled at home.

OWN YOUR IMPACT

Recycle right

Hidden batteries pose a fire risk for bin trucks and recycling stations. Protect our crews and recycle your batteries separately. Get the right bin every time by using the Surrey Recycles online search tool or app.

Save like a squirrel

Save money by learning how to store food correctly, use up leftovers and plan shops, all reducing your food waste at surreyep.org.uk

Vapes and e-cigarettes

These can't go in your rubbish or recycling bins. For disposal information please use the Surrey Recycles search tool at jointwastesolutions.org

Surrey recycles

Thank you for recycling – Surrey Environment Partnership's target recycling rate for Surrey is **65%** by 2035. The latest recycling rate for Woking is **56.4%**. Find out more at surreyep.org.uk
